

WELLAN® 2000

Bio-Signal Device

(Made in Germany)

GREEN TECHNOLOGY FOR WATER CONDITIONING

NO CHEMICAL

NO ELECTRICITY

NO FILTERS

NO MAGNETS

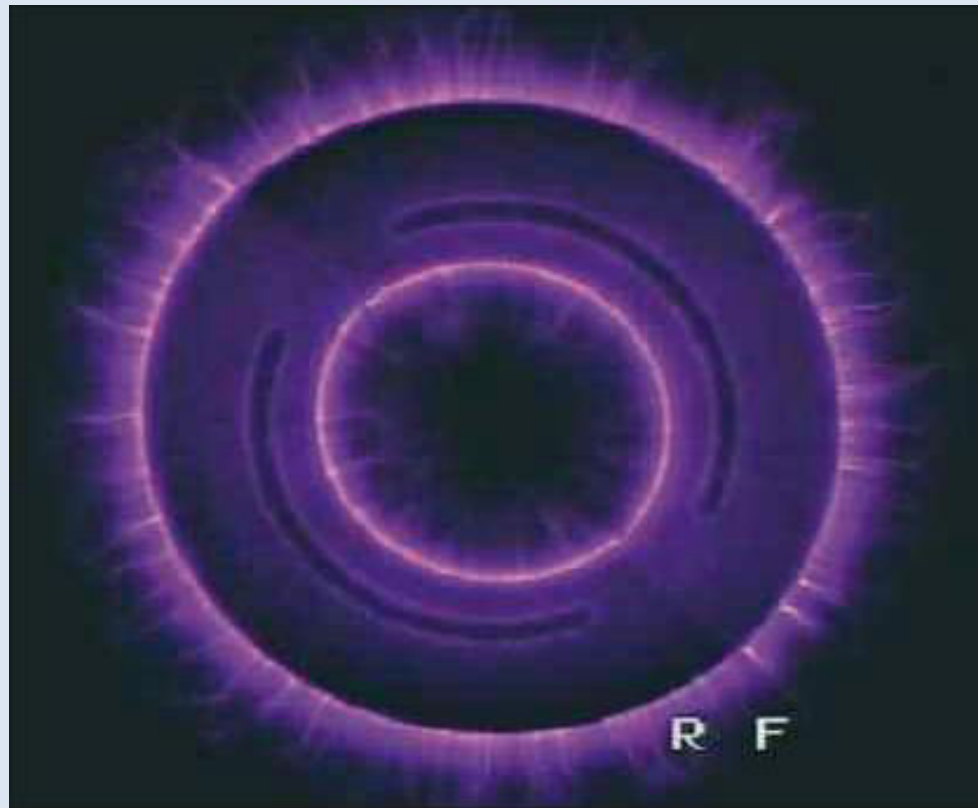

NO MAINTENANCE

Ultrafine Quantum Oscillations are the Solution

WATER IS LIFE, IF IT IS ALIVE !

“WELLAN® 2000”

- / No chemicals, no electricity and no magnets.
- / Ultra-fine oscillations from the field of quantum physics is the solution!
- / Effective in both standing and fast-flowing water, stops rust and oxidation, frees pipes and improves the quality of drinking water.

WHAT IS WELLAN 2000 ?

- It is a Bio-Signal Device!!!
- It passes Ultrafine Interference Oscillations which help to make water :
 - Scale Free
 - Rust Free
 - Algae Free
 - Bio-fouling Free
 - E.coli Bacteria Free To Some Extent
- Device functions with cold , hot, stagnant and extremely fast running water (2500m Under and 1000m above ground level)

WELLAN 2000 RING MECHANISM

EXAMPLE OF CaCO_3

Scale Formation

- On friction hydrogen oxygen bond breaks to free up the oxygen
- This oxygen makes bond with active calcium ions, Forming SCALE

WELLAN EFFECT

- When water flows through Wellan Area, the device passes oscillations in water which **breaks the Calcium - Oxygen Bond**.
- Calcium ions are free and converted in passive state.

Calcium Ion (Inactive)

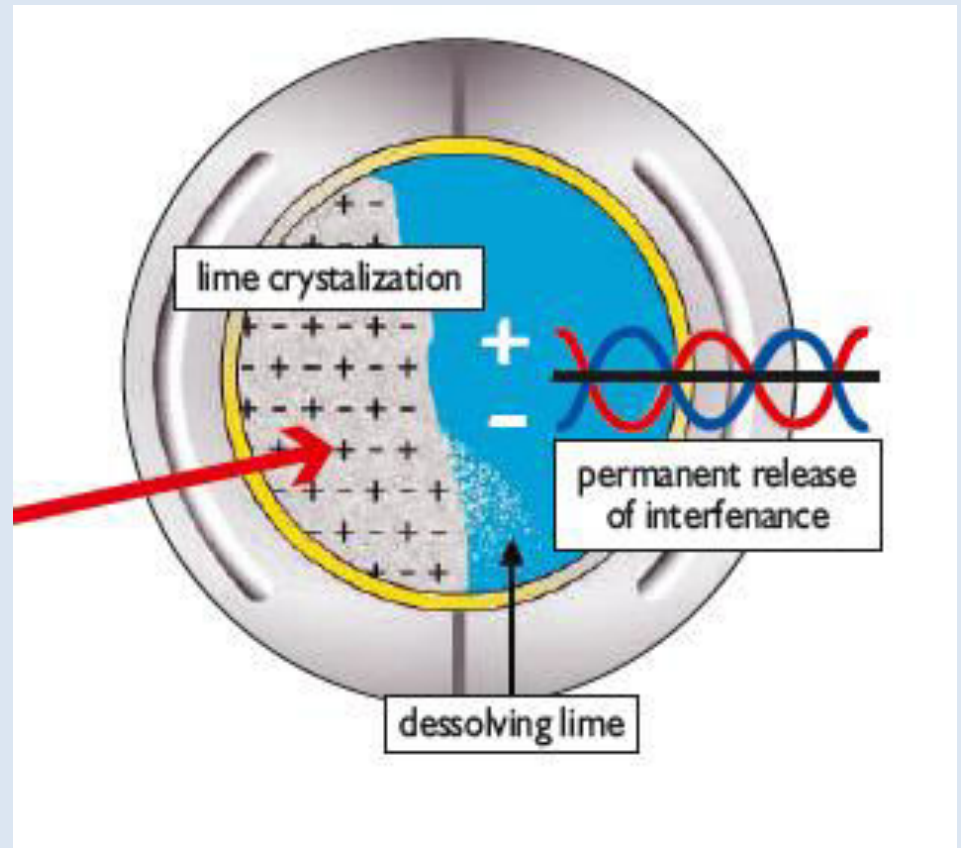

- Calcium in water is now in inactive/passive state
- It will be freely flowing in water, some settled down in tank and some will be washed/drained out.
- This Calcium will not be able to bond again to form scale.

WELLAN 2000 END RESULTS IN WATER

It leaves Minerals (Calcium, Magnesium, Iron Etc) as ions in passive state by offsetting the electric charge in water, thus preventing crystallization of minerals and oxidation (Rusting) of iron.

It also neutralizes the algae and other micro-organisms present in water.

It provides energized wholesome dextro-rotating water.

COMPARISON WITH OTHER PRODUCTS

WELLAN 2000 IS BETTER THAN MEGNATIC RING/COIL RINGS AND WATER SOFTENING PLANTS.

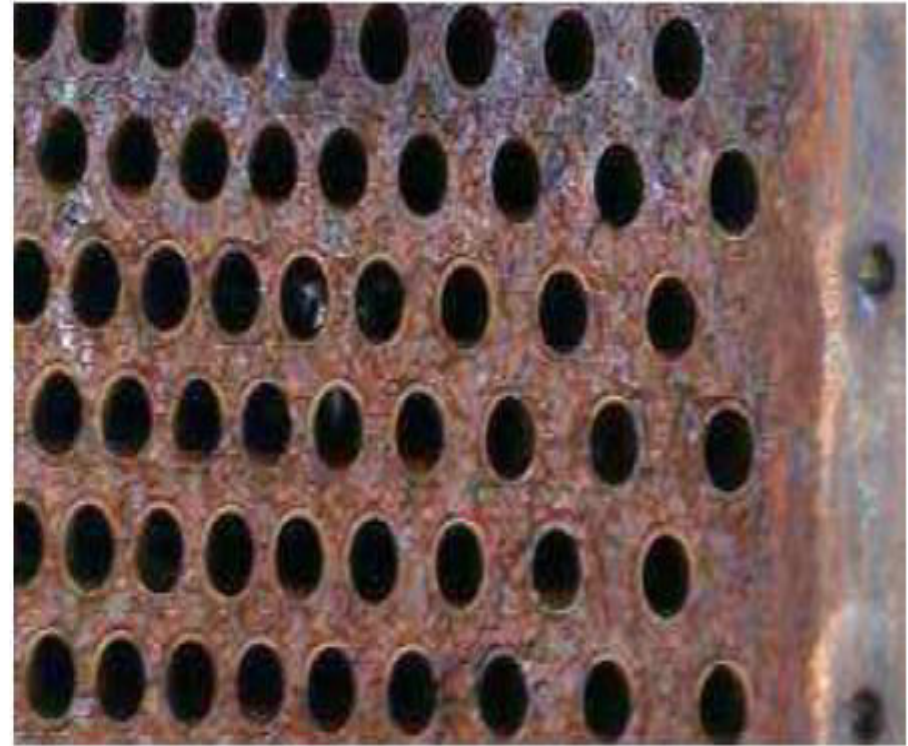

Particulars	Magnetic Ring	Water Softening Plant	Wellan 2000	
Treated Water	Soft Water	Soft with increased sodium	Soft Water	
More Effective	Cold Water	Cold Water	Hot & Cold Water	
Effective Range	10 mtrs	-	1000/2500 mtrs	
Bacterial Growth	Yes	Yes	No	
Recurring cost	Yes	Yes	Nil	
Shelf Life	2-3 years	5-6 years	15 years	
Warranty	1 year	1 year	5 years	

EFFECTIVENESS OF WELLAN 2000 BIO-SIGNAL DEVICE

BEFORE

AFTER

Meghani Organics Limited (Gujrat) suffered from problems in VAM (Vapour Absorbing Machine), cooling tower for scale and algae. Before picture is after 24 hours of sulphamic acid 200kg treatment. The after picture shows results of Wellan Ring installation after 4 months without chemical treatment.

AREAS OF APPLICATION

AREAS OF APPLICATION

DOMESTIC

Bath Fittings
Shower Panels
Jacuzzi, Multi shower systems
Water Closets/Cisterns
Water Geyser
Washing Machine, Dish Washer
Gardening, Fountains
Water Sprinklers

COMMERCIAL

Hotel & Restaurants
Hospitals
Coffee Shops, Bakery,
Packaged Water Plants
Cold Storage House
Commercial Laundry
SPA & Parlours
Boiler based Steamers

INDUSTRIAL

Power Generations Units
Cooling Tower
Heat Exchanger's
Textiles Industries
Food Processing Industries
Water Jet Washing
Injection Molding Machines
RO Plants

How to Install Wellan 2000

Before Placing the ring, wrap the pipe with double layered insulating tape to prevent any reactions of metal

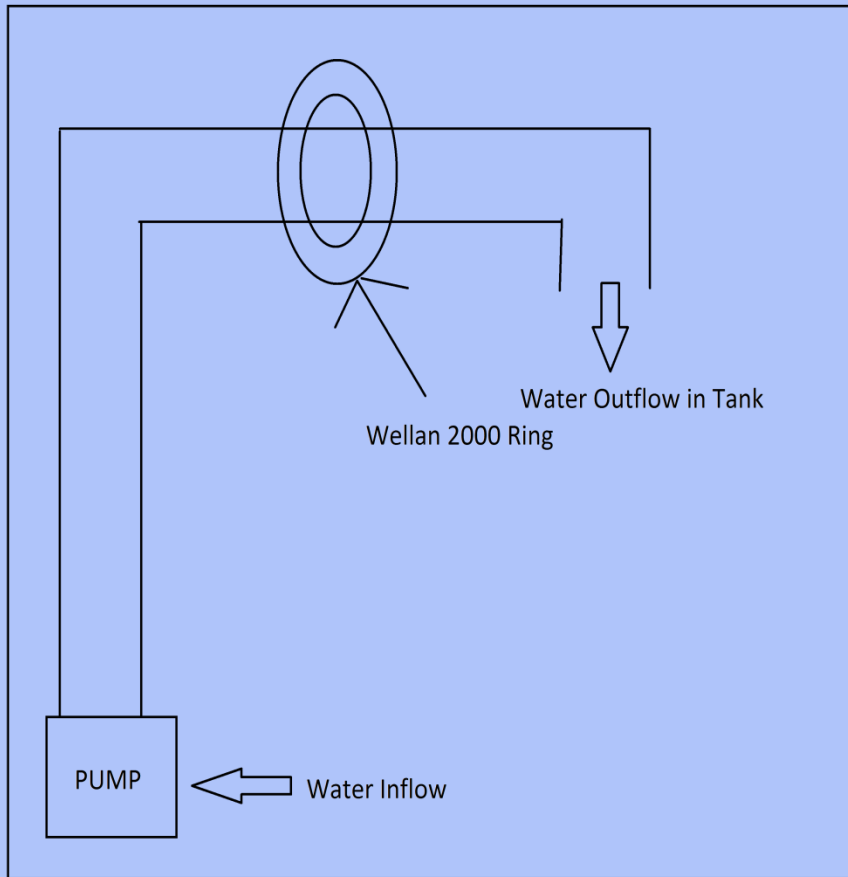

Set both of the Ring Halves onto prepared section of pipe and insert screws

Tighten the screws with Allenkey

IMPORTANT FACTS OF WELLAN 2000 RING

- It doesn't change TDS of Water, yet water is softer and scale, rust, algae and bacteria free
- Wellan 2000 Ring is having Shelf Life of 10-15Years
- Water once charged with Wellan 2000 ring will remain good for 2-3 weeks and water do not smell or changes taste.
- Works in hot, cold, stagnant and fast running water
- Effect of wellan 2000 in pipe is upto 2500m downwards and 1000m above ground level

To whom so ever it may concern

This is to certify that we have installed Wellan 2000 – 8” ring for our bleaching section for prevention of algae in RO permeate. We found cleaning of old algal deposition. In addition to that the growth rate of algae is considerably reduced in the system. Technology is more preferred by management as it is GREEN TECHNOLOGY. There is no need of any synthetic chemicals.

We are surprisingly pleased with the performance of Wellan technology. Service catered by Dev water was at par with expectation. We are hoping for more installations in our other water application like RO, Evaporators, and Compressors etc.

TO WHOM SO EVER IT MAY CONCERN

THIS IS TO CERTIFY THAT WE HAD TAKEN TRAIL OF *WELLAN2000* RING FROM THE PERIOD INSTALLED FROM 30.10.2013 TO 11.07.2014 FOR REMOVAL AND PREVENTATION OF SCALE RUST AND BIO FOULING FROM WATER LINES & COOLING TOWER.

WE HEREBY CERTIFY THAT WE ARE SATISFIED WITH THE PERFORMANCE AND RECOMMEND TO USE THIS PRODUCT AND TECHNOLOGY IN PLASTIC INDUSTRY.

WE ARE ALSO SURE THAT THIS PRODUCT HAS A VERY BRIGHT FUTURE IN PLASTIC INDUSTRY.

August 16, 2009

Dear Shashi Dave

Wellan Rings performance

We have used Wellan rings for a period of 2 years and are completely satisfied with their performance. We had serious problems with the green algae and deposits on the sides of the pool and the spa. We have not had that problem anymore, since we installed the rings.

Our Manager was very skeptical about the way it is supposed to work since there is no power source.

Even he has been recommending the Wellan rings to other hotels in the area.

I wish to thank Kadja who introduced this technology to us. I learn from you that she has since moved to Germany. We found you by searching "Wellan 2000"

Please keep in touch

Sincerely,

R Arora

To whom so ever it may concern

This is to certify that we have installed wellan 2000, 2 inch ring on, 20th December-2015, in the main water supply of our hotel.

We appreciate the effort's by wellan team for this product, as now there is a considerable relief from all the water related problems , like deposits in shower's, aireator's, red water, scale formations in condensers and P.H.E. units.

We are satisfied with the performance of wellan and also recommend this green technology for the hotel industry.

September 23rd 2009

Dear Dave:

Wellan Rings use at our Hotel

I am writing this letter upon your request. Wellan rings were introduced to us by another Hotel Manager in the area.

He had found the rings kept the swimming pool clean of algae and other stuff that sticks to the side.

My 1 inch Wellan ring on my swimming pool has performed excellent but we also have a 3/4 inch ring on the boiler and a 2 inch ring on the main supply line to keep the piping system in shape.

I am satisfied but surprised that such a ring can work. It seems like magic.

Yours sincerely

A handwritten signature in blue ink that reads "Pete Meta".
